Players play 3 matches each week with each match lasting for 15 minutes

Players score 1 point for every game they win. 1/2 a point for leading in an incomplete game. 1/4 a point if they lose a game 10-11

Starting handicaps are given to players who lose a game. These increase by 2 points each game up to a maximum of 6. They then decrease by 2 points as players win with the handicap.
