Indexed Standings are based on results from a player's best block and are calculated as:

Points gained in a player's BEST block (from both singles and doubles wins)

Plus the fraction of singles matches won

Plus the fraction of singles games won

Plus 6 bonus points for gaining promotion (in any block, including Block 3)

Minus 3 penalty points for being relegated (in any block, including Block 3)

In the case of a tie in the above, it comes down to their overall for and against games record.

Standings are based on final results from all Blocks
